

THE TIME IS NOW to be included in the Official Mountain View Map for 2008/09

Limited Availability for Ads... call for more info!

This Official City Map is one of our most popular and valuable pieces; it will be widely distributed and will give the community a convenient resource to navigate the Mountain View area.

As members, you have the opportunity to advertise in this widely distributed map. Over the next year, copies of the map will be given to (and by) Chamber members, businesses, hotels, restaurants, real estate offices, City offices, visitors, as well as new and prospective residents.

A City map like this is one of the best ways to reach other businesses, residents and newcomers in a credible way. And remember, when you make a newcomer your customer, you have a customer for years.

If you'd like information about increasing your visibility through advertising, contact Carol Acosta at cacosta@chambermv.org, at 650-968-8378 ext *815, or fax a request to us at 650-968-5668. We look forward to hearing from you!
